I adore capturing love, emotion and connection in my images. And weddings have that in abundance.

I also thrive on documenting all the small details that I know when planning a wedding would have had hours of thought poured into them. Fairy lights, flowers, fireplaces, sunsets, dancing and true love are my thing!

" LEANNE MAKES AN ORDINARY SITUATION LOOK MAGICAL"

I take a very gentle and unobtrusive approach to photographing your wedding. I am there to capture the day as it unfolds in front of me but I will whisk you both away for half an hour for some relaxed couple portraits and much needed time alone at some point in the day.

"Fairy lights, flowers, fireplaces,
sunsets, dancing and true love are
my thing!"

I create photographs that make you FEEL
as well as ones that look good on your
walls. I aim to take a timeless approach
with a modern twist so that when you look
at them in years to come you will be taken
straight back to that moment. These
images will tell the unique and beautiful
story of your wedding day and ones that
you will hold dear to your heart for a
lifetime.

Before you say 'I Do', I will take the time to get a few images with both of you on your own and also with your bridesmaids and groomsmen. If you book the Full Day Package, this will include bridal prep too which can be a fun way to document your excitement before the event and telling the full story of your day.

BEFORE THE "I DO'S"

TAKING TIME TOGETHER

At some point after the ceremony and before your dinner, I will encourage you to spend 30 minutes away with me to explore the grounds and have some informal and relaxed couple portraits together. This is a great way for the both of you to get some time for just the two of you away from the wedding party which is usually fully welcomed.

Don't worry if you are awkward in front of the camera. My main aim is for you both to relax and have some time out. I will simply chat and encourage you to love on each other. I will find little nuggets of beautiful backgrounds or pretty light that we can utilise. Prior to your wedding, I will visit the venue to find out the best places beforehand so we won't be wondering around for too long.

COUPLE PORTRAITS

“It’s the second time we have used Leanne to photograph special moments in our lives because she makes the whole experience so enjoyable and we will definitely be using her for years to come!”

GROUP PORTRAITS

Within our pre-wedding discussions, I will ask you a list of all the things you would like to be captured and the people. I know that it is important to get those group and family shots that you can gift and to form part of your wedding story. We will try to keep group photos to as short as time possible as I know people will want to get on and have fun!

THE DETAILS

I love details and I know that hours of decision making would have gone into the type of cake and the type of flowers you have at your wedding. I will make sure I will photograph it all. From the details on your dress to table settings. I know that you will want to remember it all.

Engagement Photoshoots are included within The Full Day Pacakge or you can purchase seperately. They are a great way for you to get to know my style of shooting, to increase your confidence in front of the camera so you won't feel awkward on the day and also creates beautiful images that you can use as save the dates, invites or as part of your wedding decor.

ENGAGEMENT PHOTOSHOOT

The photoshoot will be 45 minutes long and can take place at a place thats special to you or even at your wedding venue. We can take a walk around a park or even something quirkier like in a cafe or even just at home! These sessions are about spending time together thats just about the both of you and thinking about your big day.
